

PREVIOUSLY ON THE ADVENTURES OF **ARCHER & ARMSTRONG...**

MEET ARMSTRONG. Since the ancient city of Ur, this immortal adventurer has spent the last 6,000 years drinking and carousing his way through history alongside some of the greatest merry-makers the world has ever known.

MEET ARCHER. A sheltered teenage martial arts master and expert marksman that was raised for a single purpose: to kill the devil incarnate. Little did he know that this undying evil was actually Armstrong (he's actually a pretty good guy...once you get to know him). Since hitting the road together, the two have become great friends and even better partners.

Archer and Armstrong, on their way to find Armstrong's long-forgotten wife, got tangled up in a Soviet circus that has attempted to induce immortality by infusing people with Armstrong DNA! Where did they get said DNA? From Armstrong's middle finger, of course!

PLUS: Mary-Maria and her Sisters of Perpetual Darkness booked a one-way ticket to their demise at the hands of the Council of Elders!
