## DOOMSDAY FEARS SPARK LAWSUIT

*"The builders of the world's biggest particle collider are being sued in federal court over fears that the experiment might create globe-gobbling black holes or never-before-seen strains of matter that would destroy the planet."*

*Representatives at Fermilab in Illinois and at Europe's CERN laboratory, two of the defendants in the case, say there's no chance that the Large Hadron Collider would cause such cosmic catastrophes."*

- MSNBC, March 27, 2008

*"For our struggle is not against flesh and blood, but against the rulers, against the authorities, against the powers of this dark world and against the spiritual forces of evil in the heavenly realms."*

Ephesians 6:12

UHH...

IT'S LIKE YOU SAID, LITTLE GIRL...

...SURVIVAL OF THE FITTEST.

This is gonna hurt.

CRACK

Later...

Uhhhh....how long was I out? Is the sky black? Oh \$%%@! It's nighttime!

I'm dead meat.  
No! Don't think  
that way! They  
haven't noticed  
you yet. Keep  
your head and  
stay calm.

Ugh! That old hag  
stole my backpack  
and food! If I ever  
see her again...

No, stay cool. Emotions,  
movement, life....that's what  
attracts them. You can still  
do this. What's that?!

Just a White Lady.  
One of the harmless ones.  
Had me worried there  
for a second.
