Aric of Dacia captured the X-O Manowar armor from the Vine, an alien race that had abducted him, and returned to Earth a hero.

When the Armor Hunters, a group of interstellar warriors, attacked Earth to exterminate the X-O armor, Aric learned there were countless others like him throughout the galaxy.

The Armor Hunters failed, but left behind a contingency plan - Dead Hand - a sentient robotic failsafe to rid the galaxy of the X-O virus!

Dead Hand attacked the Loam star system, homeworld of the Vine, causing a burst of energy from their sun - and placing the planet and Aric in the path of total devastation!

DEAD HAND is here.
