15-year-old Sam Alexander's father, Jesse, used to tell him unbelievable stories about his adventures with the Nova Corps, an intergalactic peacekeeping force. When Jesse mysteriously disappeared, Sam found his old helmet, took up the mantle and became the interstellar hero Nova!

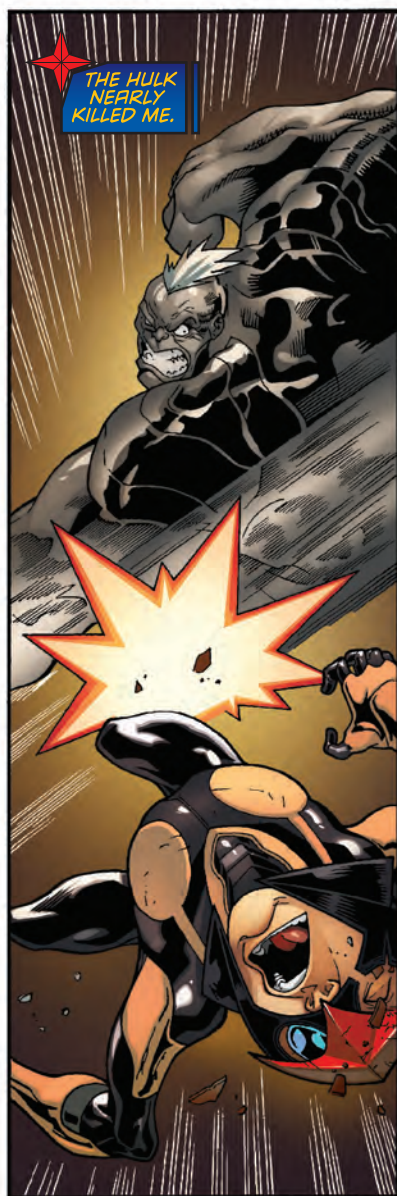

When heroes and villains of the Marvel Universe were caught in a strange explosion on Genosha, they started behaving strangely. Among them was the Hulk, who went on a rampage through Sam Alexander's hometown of Carefree, Arizona. As Nova, Sam stood up to the green goliath, and ended up getting punched clean across the ocean. His bravery, earned him a place on the Avengers, but cost him his helmet, which was severely damaged. With a broken helmet, Sam has had to focus on being a normal high-schooler.

He still wants to be Nova, though, and that means finding a brain big enough to fix his helmet.
