

Suicide...

Online chat rooms allow anonymity...

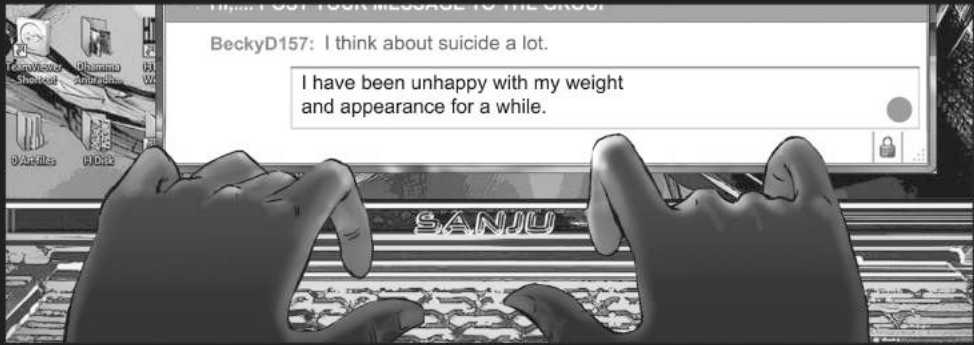

Complete anonymity.

You can tell strangers things you'd never reveal to your friends or family, releasing years of guilt, experiencing the catharsis of confession.

Or...

You can just talk about how you really feel...

Supposedly I am 'normal' weight, but nowadays normal is the new fat.

Also... I have a bumpy nose.

I think I am so gross... and that I will never find love.

BeckyD157: I read that suicide is a call for help or
a call for attention.

I don't believe that though because I don't
want attention.

I just want to be left alone...

I just want everything to STOP.

I really can't see the point of carrying
on when life is like this.

People say that life gets better
when you are older.
But people also say...

they wish they were kids again with
no responsibilities.

BeckyD157: I don't know. I don't care.
I just want it all to end.

The thing that worries me though...

...is that I am only 10.
