For millennia, the Eternal Warrior has protected the Geomancers—enigmatic mystics who guide mankind and protect the Earth. But the arrival of Tama—a new Geomancer from the future—has caused great division in the Valiant Universe. Shortly after her arrival, bizarre natural disasters occurred throughout the United States, killing thousands. The Eternal Warrior—whose life mission is to protect the Geomancer—absconded with her, hoping to protect her and find the true source of the disasters.

The superhero team Unity has been sent to reclaim her...

LIVEWIRE

Once the pawn of a megalomaniacal billionaire, Livewire now uses her technopathic ability to control any electronic device. She leads Unity.
