

Something
strange happened
in Greece today.

It was a
catalyst.

SCREEEECH

Something
unexpected.

The world watches.

It is transfixed.

Huh? Ah... AHHH!

SKSHHH

They don't realize what they are seeing.

OHMYGOD! GETITOFF! AHHHH!

AHHHHH!

They are witnessing a singular event.

Something beautiful.

Something...

I hope that my predictions prove accurate, and--

...THE RESPONSE BY GREECE'S HELLENIC ARMED FORCES HAS BEEN VERY REAL.

IT'S HAPPENED!

Adaptable virtual-reality screen with fluid sound/image progression. Originally designed for extended deep-space missions, but ideal for combating claustrophobia and depression.

Los Angeles...

...hasn't realized what's happened yet.

I HOPE THIS WORKS, HERB...

They are still drifting from moment to moment. Oblivious to the monumental nature of the day that just happened.

I'M SO TIRED...

Huh?

Assisted-suicide device with brain-scanning abilities, allowing it to customize its attack on a subject's brain patterns in a way that induces euphoria, followed by death.

6-D quintuplifocal lenses capable of layering multiple realities into a hybrid approximating the most accepted reality in existence--all still theoretical and in the testing stages.
