

PREVIOUSLY ON THE ADVENTURES OF **ARCHER & ARMSTRONG...**

MEET ARMSTRONG. Since the ancient city of Ur, this immortal adventurer has spent the last 6,000 years drinking and carousing his way through history alongside some of the greatest merry-makers the world has ever known.

MEET ARCHER. A sheltered teenage martial arts master and expert marksman that was raised for a single purpose: to kill the devil incarnate. Little did he know that this undying evil was actually Armstrong (he's actually a pretty good guy...once you get to know him). Since hitting the road together, the two have become great friends and even better partners.

The road-trip through Clowntown came to its final destination: Andromeda's house! But she isn't exactly how Armstrong remembered...

PLUS: Mary-Maria triumphant! She and her group of Sisters of Perpetual Darkness survived the mayhem, and now plan their vengeance!

***You have no idea what you're in store for with this one, gang!
