Here goes...

Your dad was stuck in the dream world that is the core reality of all life.

He got stuck in a story and ended up convinced he was a mind warrior, but to be honest (and I'm only saying this because he abandoned you) I think he's dead.

I've been hiding this from you and I'm feeling like a bad friend and newfound love interest.

Most importantly, I'm not supposed to tell you because the implication is that our game is so powerful that both of us could unintentionally open an inter-dimensional gate.

REALITY

Lu.

... Thank you for telling me that.

You mean... you're not mad?

What did we just do for the past three-and-a-half hours?

...

What did we doooooo Lucyyyyyy

... We made out.

We made out *a lot*. Why did I make out with you for three-and-a-half hours?

Because I *like* you.

Because you think you like me.

You *just* like me?

I *like* you in bold letters. I like you more than I can explain and you're my best friend and... and I'm glad about this.

You wanna pop the Ambien I stole from my mom, conk out and explore a higher realm?

I hate when boys know what they're doing.
