THE SHERIFF OF BABYLON
created by **KING & GERADS**

"Do you think I would forget what happened in the car?"

"Can we not talk of this, if we are not enemies?"

"You have tried to kill me."

"What?"

"Which car? I do not understand."

"Do not play, brother."

"I do not know what you are talking about."

"And I do not play."

"I have not done anything against you or your people."

"This man, Nassir, I have spoken to him before."

"We have had our problems."

"But with you, sister, I do not know you."

You kidnapped me. For looking for Ali.

For helping her, in looking for Ali.

...she has been attacked.

Please, do not believe this *Shiite* pig. This man of Saddam.

What are you saying?
