

Warm-Hearted Snowman

Anna convinced Kristoff to take her to the North Mountain, but as they raced through the night, wolves attacked. Anna, Kristoff, and Sven escaped, but Kristoff's sleigh ended up at the bottom of a chasm. And he had just finished paying it off!

As they journeyed on foot, they met a cheerful little snowman named Olaf. He looked like the snowman Elsa had created for Anna long ago—but he was alive!

I like warm hugs!”*

a carrot nose.
He loves it.
So does Sven.
