**BITE OF THE ALBERTOSAURUS**

PAPERCUT 

# DINOSAURS WEAPONS

DINOSAURS HAD A VARIETY OF WEAPONS AT THEIR DISPOSAL FOR ATTACKING OR FOR DEFENDING THEMSELVES...

TEETH AS SHARP AS DAGGERS...

INCREDIBLY SPIKY HORNS...

RAZOR-SHARP CLAWS...

TAILS SHAPED LIKE CLUBS...

OR STRONGER THAN WHIPS...

WHEN THEY WEREN'T FULL OF SPIKES!

ILLUSTRATIONS BY BRONKHORST

# THE HISTORY OF THE EARTH IN 24 HOURS

THE EARTH IS 4.6 BILLION YEARS OLD.

THAT'S REALLY OLD!

BUT IF WE COMPRESS ITS HISTORY INTO 24 HOURS, WE'LL UNDERSTAND THINGS BETTER!

OBSERVE...

AT 0:00, THE EARTH MATERIALIZES. THE FIRST FOUR HOURS, IT FORMS AND COOLS DOWN...

NOT A HAIRBALL!

AT 4:00, THE FIRST BACTERIA APPEAR IN THE SEA...

AACHOO!!

LOT OF GERMS AROUND HERE!

AT 20:30, PLANTS MOVE INTO THE MARINE DEPTHS, FOLLOWED BY JELLYFISH...

I'M STUNNED THAT WE'D APPEAR SO LATE!

AT 22:00 PLANTS SETTLE IN ON DRY LAND, FOLLOWED BY THE FIRST INSECTS AND ANIMALS...

IN SHORT, WE GO WHERE THERE'S GRUB!

YES, I'M TALKING ABOUT YOU!

SLURP

DIMETRODON (IT'S A REPTILE, NOT A DINOSAUR!)

AT 22:59, THE FIRST DINOSAURS APPEAR.

YEAH!

AT 23:39, DINOSAURS DISAPPEAR AND MAMMALS DEVELOP.

TOLD YOU I WAS STRONGER THAN YOU!

HEE-HEE!

TICKTOCKTICKTOCKTICKTOCKTICKTOCK

TICKTOCKTICKTICK

AT 23:59, OUR PRIMATE ANCESTORS BEGIN EVOLVING..

AND WE MODERN HUMANS ONLY APPEAR AT 23:59 AND 56 SECONDS!

SO WHAT ARE YOU TELLING ME?!

ARE YOU GOING TO BUY THIS WATCH FROM ME OR WHAT?

IT ISN'T EVEN 05:00 YET!
