

VALIANT

They are psiots -- people born with the potential for incredible abilities of the mind. They were captured and trained by sinister corporate forces to become killing machines. They became one of the most lethal strike forces on the planet. They broke free of their captors and, inspired by the heroism of their fellow psiots, struck out on their own to make the world a better place. They will help you -- if your cause is just. They are....

GENERATION ZERO

The story so far...

Keisha Sherman, a high school student in Rook, Michigan -- a bankrupt midwest city that was saved by innovative technology and corporate interests -- calls on Generation Zero to help her investigate the suspicious circumstances surrounding the death of her boyfriend, Stephen. But when Generation Zero arrives, she discovers there are more mysteries in Rook than she could've ever imagined.

The battle for Rook has led Keisha and Gen Zero on an incredible chase through not only the town of Rook, but through the minds of some of its inhabitants. However, when they last emerged into reality they faced a truly unexpected turn of events: Adele Poole -- a popular girl whose father is the powerful Emergency Manager -- has gained not only a taste for revenge on the Zeroes, but superpowers as well.

Faced with a mean girl with some mean powers putting the lives of Rook's residents in danger, it's a race against time to find Rasa -- the mysterious figure with incredible powers at the heart of the strange happenings in Rook -- before Adele's father does!
