Landress) THE SPIDER-MAN #1 (as Red-Eye) THE  
SPIDER-MAN #3

Commander Rick Landress was an astronaut on the first manned mission to the moons of Jupiter. When one of the crew was mysteriously found dead, the rest turned on each other. Rick soon discovered that their mission was not what they were lead to believe and that the ship was in danger. He tried leaving in an escape pod, but it was too late. The ship was bombarded with cosmic radiation and Rick's pod hurtled out of control into Jupiter. When Rick returned to Earth as Redeye he had the power to create huge gusts of wind and storms.

**Did You Know:** Redeye is Currently believed dead, defeated by The Spider-Man under a barrage of falling buildings.
