

IF YOU CHOOSE, **CHOOSE
NOW.**

OR **SOON** THAT
DECISION WILL BE **TAKEN
FROM YOU.**

The edge of war.

Feel that?
The air is
supercharged
with
violence.

If a decision
needs to be
made...then we
must make it
soon.

I think
we're
running out
of time.

Oh, we definitely
are. The war to
end all wars is
headed towards us
like a freight
train...

I can almost
see it just over
the horizon.
This should be
our time, but
we're rudderless
and without
purpose.

Adrift
on a bloody
sea.

Speak for
yourself, War.
I don't need
convincing...

I know what
we're supposed
to be doing. **It's
simple.** He's the
real thing...

We need to
find the boy,
Babylon, and
serve him.

I'm
not so
sure...

I am.

Mankind is
waiting for
him...

And he
is waiting
for us.

THUMP
