MARVEL SUPER HERO ADVENTURES

starring:

**Spider-
Man**

**Captain
Marvel**

A bite from a radioactive spider gave PETER PARKER the speed, strength, and agility of an arachnid! After learning that with great power there must also come great responsibility, he became the crimefighting super hero SPIDER-MAN.

CAROL DANVERS was a U.S. Air Force pilot until an alien machine gave her superhuman powers. Now, she flies high as she uses her strength, speed, and the ability to absorb and fire energy bolts to protect the world as Earth's Mightiest Hero: CAPTAIN MARVEL.

"...he probably came to school hours ago!"

Y'know, you could really use some lotion for that skin condition.

Nothing can withstand the Rhino!

SKRRRRRRRRRRRR CHHH!

Yeah! That mailbox never stood a chance!

I admit that your charge is cool.

TAWIP

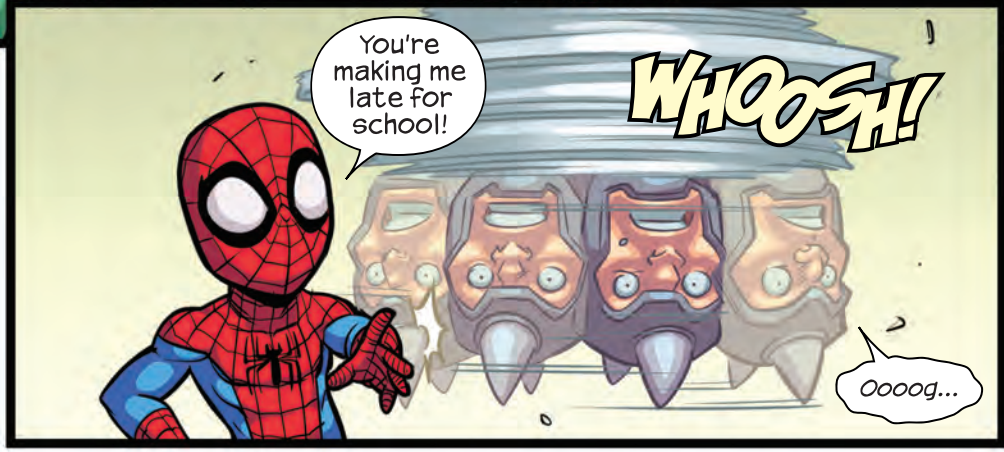

But it only works when your feet are on the ground!

Huh?

I'll get you...!

Oh, STOP!

You're making me late for school!

WHOOSH!

Oooog...

Spider-Man is shown in a dynamic pose, swinging across a rooftop. He is wearing his iconic red and blue suit with white spider eyes. The background shows a cityscape with buildings and a water tower.

No time to walk to school as *Peter Parker!*

Uh-oh! Typical Parker luck--always bad!

But with a little web-swinging as *Spider-Man*, I might make it.

A close-up of Spider-Man's face, showing his large white eyes and the red and blue pattern of his mask. He has a look of intense focus and concern.

My *spider-sense* is tingling like crazy! There must be danger nearby--*big danger!*

Spider-Man is shown from the chest up, looking towards a bright orange meteor streaking across the sky. The background shows a city street with buildings and power lines.

Yikes! Must be that *meteor* about to hit the city...

...and my *SCHOOL!*

Whew! Good thing it only hit the football field!

That could've been a lot worse--

NOOOO!

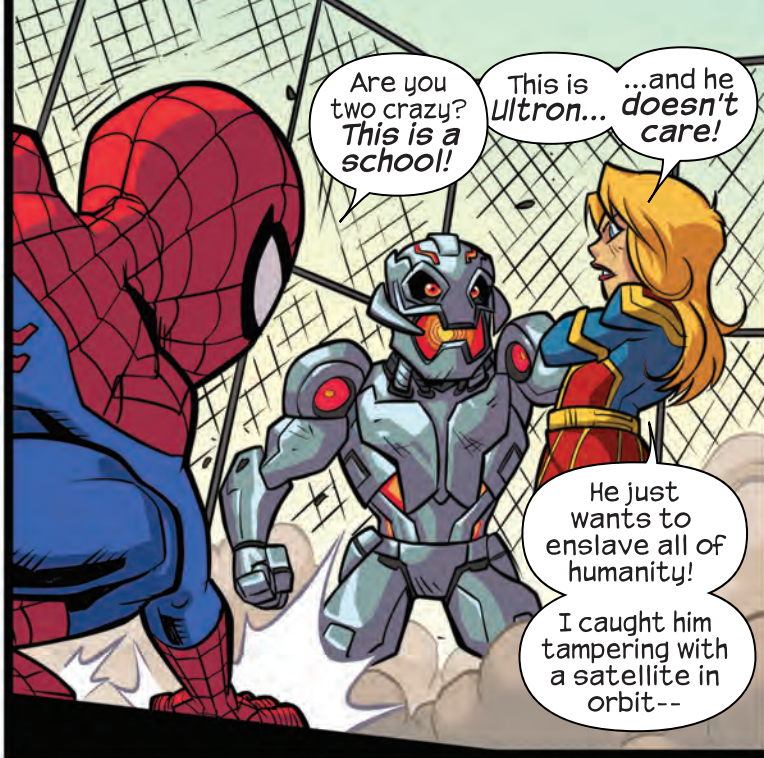

Not the football field!

That's not a meteor--

--it's *Captain Marvel* fighting a robot!

Waitasec...

Are you two crazy? This is a school!

This is Ultron...

...and he doesn't care!

He just wants to enslave all of humanity!

I caught him tampering with a satellite in orbit--

--and tried to keep him clear!

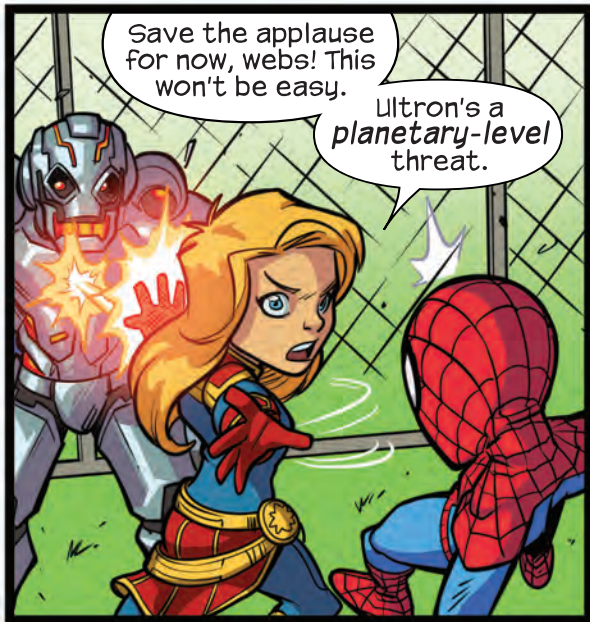

Gotta stop him now--

--or there won't be a planet for this school to stand on!

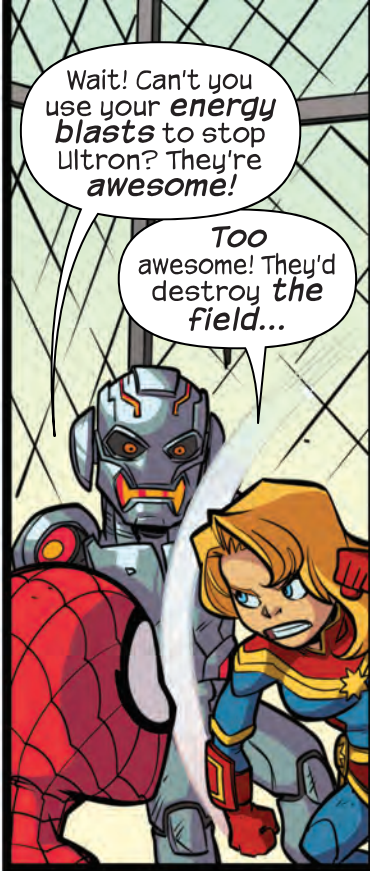

In that case, I'd better give you a hand!

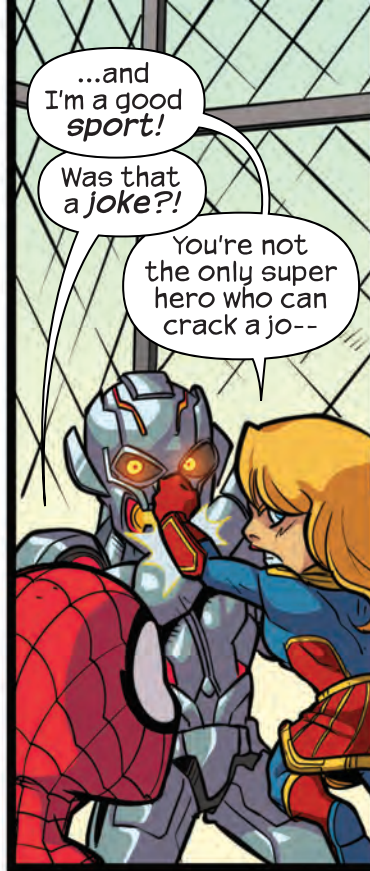

Save the applause for now, webs! This won't be easy.

Ultron's a planetary-level threat.

Wait! Can't you use your *energy blasts* to stop Ultron? They're *awesome!*

Too awesome! They'd destroy the *field...*

...and I'm a good *sport!*

Was that a *joke?!*

You're not the only super hero who can crack a jo--

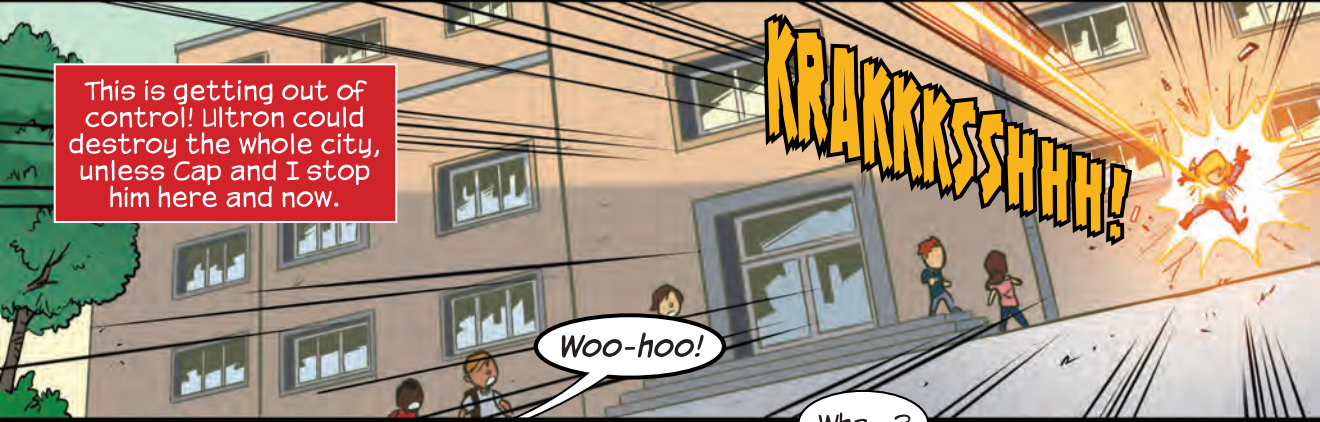

THAKOOOM!

Uh, Captain?

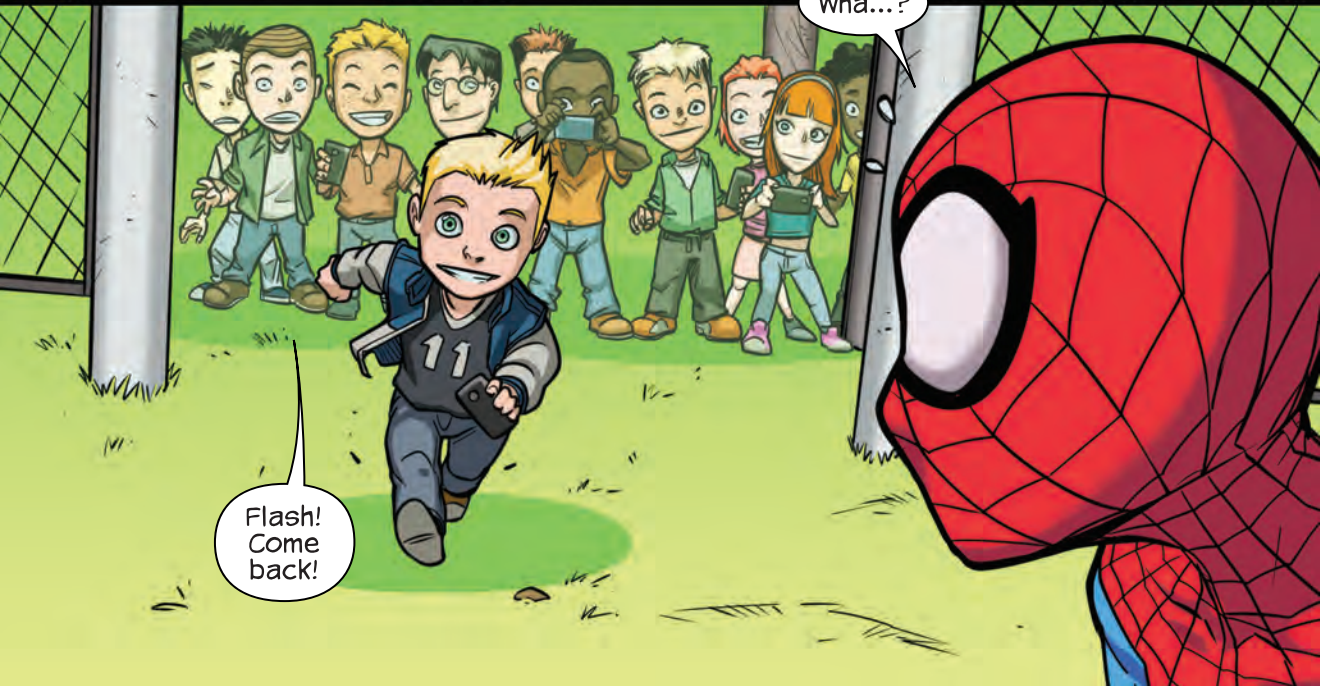

This is getting out of control! Ultron could destroy the whole city, unless Cap and I stop him here and now.

KRAKKKSSHHH!

Woo-hoo!

Wha...?

Flash! Come back!
