

STEPHEN STRANGE was a preeminent surgeon until a car accident damaged the nerves in his hands. His ego drove him to scour the globe for a miracle cure, but instead he found a mysterious wizard called the ANCIENT ONE who taught him magic and that there are things in this world bigger than himself. These lessons led Stephen to become the Sorcerer Supreme, Earth's first defense against all manner of magical threats. His patients call him...

DOCTOR STRANGE

The EMPIRIKUL, an interdimensional army, has destroyed almost all magic on Earth. Stephen and Earth's mages managed to defeat them, but the state of magic will never be the same again.

Now left to rebuild from the remains of the Sanctum Sanctorum, Doctor Strange finds himself at a crossroads.
