**END OF GAMES**

**It is a time of rebuilding for the Empire. After the destruction of the Death Star, Darth Vader is atoning for his failure by destroying all who would oppose the Empire.**

**The droids Triple-Zero and Beeteem have been sent to capture Vader's secret ally, Dr. Aphra—but taking advantage of their programming, she changes their protocol to help her escape. Just as they are about to steal a ship to freedom, however, Aphra comes up with a new plan.**

**Meanwhile, Vader has tracked down the traitorous scientist, Cylo, to end things once and for all. That is, until Cylo reveals his secret weapon: the kill switch that controls the Sith Lord's life-giving cybernetic suit....**
