THE CHOSEN ONE

Part IV

The Clone Wars are over. The Jedi are defeated. Palpatine has become the Emperor, finally in position to bend the galaxy to his will through the power of the dark side of the Force.

In search of Jedi who might have escaped the Emperor's purge, Vader has traveled to Mt. Pasvaal on the river moon of Al'doleem, the site of a sacred Jedi monastery. Here, he has found Master Kirak Infil'a, a powerful warrior.

The two battle atop Pasvaal, resulting in Kirak throwing the Sith Lord off the mountain, sending him plummeting to the deadly cliffs below....
