**“Know, oh prince, that between the years when the oceans drank Atlantis and the gleaming cities, and the years of the rise of the Sons of Aryas, there was an age undreamed of, when shining kingdoms lay spread across the world like blue mantles beneath the stars...Hither came Conan, the Cimmerian, black-haired, sullen-eyed, sword in hand, a thief, a reaver, a slayer, with gigantic melancholies and gigantic mirth, to tread the jeweled thrones of the Earth under his sandaled feet.”**

## THE BARBARIAN

**Cimmeria. A frozen land in the north, home to the toughest of climates and even tougher people. After fifteen winters, the man known as Conan set forth from his homeland to see the world for the first time. Growing up in Cimmeria honed his survival skills, but even Conan could not be prepared for what awaited him across the lands of the Hyborian Age. The story of his journey would stand as a reminder to Conan, even decades later, about the fierceness of nature and the cruelty of people, but the tale of his excursion has never been told.**

**This is that story.**
