

AVENGERS ISLAND
AVENGERS IDEA MECHANICS HQ
 Located 13 miles off the coast of California in international waters.

Roberto Da Costa bought the villainous organization A.I.M. and transformed it into Avengers Idea Mechanics, a group dedicated to high-tech heroics and international rescue operations. They were tolerated by the international community...until they illegally rescued an infamous hacktivist from S.H.I.E.L.D. custody.

When S.H.I.E.L.D. retaliated, Roberto, A.I.M. and a handful of New Avengers retreated to Avenger Base Two in the Savage Land—while Songbird, Roberto’s secret triple agent, remained embedded in S.H.I.E.L.D. But when a new Inhuman emerged with the ability to see the future, intel that Songbird would be at Roberto’s funeral in a month trickled down to Agent John Garrett, who attacked and subdued Songbird with an army of hacked Dum-Dum Dugan life-model decoys.

Roberto sent Cannonball, Power Man and Dr. Max Brashear to break her out, leaving the Savage Land base vulnerable...and the Maker, an evil, alternate universe version of Reed Richards who’d been stalking Roberto’s organization, saw it as the perfect opportunity for his New Revengers to strike!
