

THE ORIGINAL MANGA IS ADAPTED INTO ENGLISH FOR THE FIRST TIME!

YOU'VE SEEN Earth's Mightiest Heroes battle raging zombie hordes — now, watch Iron Man face off against a giant robot! The Avengers risk their lives to make the world a safer place for all, oftentimes suffering severe injury and great loss. When Tony Stark faces a more personal threat — one leveled against Pepper Potts — the risk is too great to ignore. What lengths will Tony go to in order to keep Pepper safe? Will he step away from being Iron Man, if that's what it takes? There are some things more menacing than monsters.
