# IRONHEART

A string of crimes tied to the terrorist organization known as the Ten Rings led Riri to move back to her hometown of Chicago full-time. Her investigation brought her face-to-face with a member of the Ten Rings—Midnight's Fire, who tried and failed to recruit Riri to his organization.

Recently, a mysterious and magical creature named Eclipse wreaked havoc at the airport, turning people into zombies! With the aid of her friends Xavier and Nadia—A.K.A. the Unstoppable Wasp—Riri was able to stop Eclipse and undo the damage, but not before noticing Eclipse bore the Ten Rings insignia!
