THE DOCTOR

Last of the Time Lords of Gallifrey. Never cruel or cowardly, he champions the oppressed across time and space. Even without a regular companion to show off to, the Doctor still manages to find adventure – and danger – wherever he goes!

BILL POTTS

Bill has joined the Twelfth Doctor's comic adventures! First encountered the Doctor while working at the university where he was teaching. Warm-hearted and full of wonder, Bill is keen for adventure and eager to learn – but she also knows when to put the Doctor in his place!

THE TARDIS

'Time and Relative Dimension in Space.' Bigger on the inside, this unassuming blue box is your ticket to unforgettable adventure! The Doctor likes to think he's in control, but more often than not, the TARDIS takes him where and when he needs to be...

PREVIOUSLY...

With Missy's containment vault experiencing some technical difficulties, The Doctor, Bill and Nardole took a shopping trip for parts to one of the biggest supermarkets in the universe – the Übermarket! But when Bill found herself lost with a little girl, the TARDIS trio found out that the supermarket wasn't all it seemed... It was run by robots and populated with Pathicols, one of whom was the little girl in disguise! Now, their adventures continue...
