Years ago, high school student **MILES MORALES** was bitten by a genetically altered spider and gained incredible arachnid-like abilities: the proportional speed, strength and agility of a spider, adhesive fingers and toes, the power to direct a bioelectric charge like a sting, to camouflage himself to the point of invisibility and to detect approaching danger using his precognitive “spider-sense.” He hid these abilities at first, until a hero inspired him to use them to try to make the world more just. **HE IS...**

MILES MORALES: SPIDER-MAN

Miles Morales, A.K.A SPIDER-MAN, just won the battle of his life. With the help of his friends and family, he took down a monstrous GREEN GOBLIN and the crazed crime lord ULTIMATUM, who was trying to send Miles to another dimension! But victory came at a cost. Miles' uncle Aaron, A.K.A. the PROWLER, sacrificed himself to blow up Ultimatum's trans-dimensional machine. When the dust settled, Ultimatum and the Goblin were gone--and so was Uncle Aaron.

Now Miles has to learn how to navigate a world without one of the most important people in his life. At least with two of Brooklyn's biggest super villains defeated, things might get a little easier for Spider-Man...right?
