

After Thanos took his family and his life, the man now known as Drax was remade into a being of great strength with a thirst for revenge. His pursuit of justice has taken him throughout the universe and shown his incredible courage and heroism, which led Peter Quill to invite him into the Guardians of the Galaxy. Though he found a new home with the Guardians, true peace remains elusive for the warrior called...

DRAX

Between missions in which he destroys things with the Guardians of the Galaxy, Drax likes to relax with his hobby: hunting Thanos in order to destroy him. To aid Drax in his quest, Rocket Raccoon lent him a ship called the *Space Sucker*, which worked as well as its name implies. Now, Drax is stranded on a backwater planet, looking for a mechanic. While asking around at the local watering hole, Drax was confronted by former Galactus herald and cosmic toughie Terrax!
