

JESSICA JONES

Jessica Jones, a former costumed super hero, is now the owner and sole employee of Alias Investigations--a small private investigative firm.

Jessica recently committed a crime that landed her in prison and alienated her from the super hero community--including her husband, Luke Cage.

Strapped for cash, Jessica was hired to investigate a man who believes he's in the wrong reality by his distressed wife--only to receive a call from a homicide detective that she'd been murdered, most likely by her own husband.

But before Jessica could process the alarming development, she was abducted off the street by the criminal known as the Spot!
