

# JESSICA JONES

Jessica Jones, a former costumed super hero, is now the owner and sole employee of Alias Investigations--a small private investigative firm.

Jessica recently committed a crime that landed her in prison and enraged the super hero community.

Desperate for cash after her release, Jessica accepted the first client that came her way: a woman whose husband believes he's in the wrong reality. But the case put Jessica on a collision course with her own estranged husband, Luke Cage, who has questions about their missing daughter...
