

Mr. Samuel Blackwell, Jr.

Mr. Blackwell was the CEO of Blackwell Enterprises, the world's largest technology conglomerate.

He dedicated his life to building the company his grandfather founded. He was infamous for always working and innovating.

THE COMPANY IS MY FAMILY.

When the Great War broke out, Mr. Blackwell used his personal fortune to build this city deep underground, as a last refuge for humanity.

He created a sophisticated operating system and selected Four Elders to oversee the city at peak efficiency.

It is this system that runs our city effectively today.

Another original Blackwell idea is the Keepers of the Peace...

THESE ARE PROTECTOR PROTOTYPES. THEIR FUNCTION-- TO KEEP THE HUMAN POPULATION SAFE.
